"Our family loves The Piano Wizard Academy. Seriously. It was worth every penny I spent on it. If your kids like video games, they will love Piano Wizard and learn to play the piano." -mlnchikimom9, July 2010

Piano Wizard Academy

Want a fun, intuitive way to get your kids into music? This exciting game teaches your children how to play the piano and read real music. They'll learn the basics of music theory and express their natural creativity!

Compared to the cost and challenge of traditional piano lessons, the Piano Wizard Academy may be a great alternative for you, especially if you have multiple children. Neither you nor your children need previous musical experience to succeed.

You'll get tutorial DVDs that give you confidence and quick tips to be your kids' "music coach." Plus:

- Award-winning software
- A compatible keyboard
- Special bonus: 100 Christian songs to learn through the game
- Sheet music
- and more!

MathTacular!

Unbelievably Understandable Math™

for preK through middle school

Math comes alive through real-world examples, clear explanations and lots of laughter.

If you've never looked at the MathTacular DVD series, you're missing a major customer favorite. These entertaining videos make sense out of math. Your kids will laugh along with "Professor" Justin as he teaches essential skills with real-world scenarios.

Each video teaches basic concepts covered in the top elementary Math programs, including Horizons, Saxon and Singapore. Don't you think it's time for "Unbelievably Understandable Math"?

"I highly recommend the MathTacular DVDs. The kids LOVE them and they teach math concepts in a very engaging way." -Crystal K, March 2010

Free shipping to the lower 48 states. Sonlighter Club Members get a 10% discount! See www.sonlight.com/christmas for more.

Professor Teaches: Microsoft

Office 2010 & Windows 7 RR07 ~~\$39.99~~ **\$29.99**

Build your students' skills (or your own) in one of the most widely used computer application suites in the world. From beginner to advanced, children can learn to do quality work in Microsoft Word, Excel, PowerPoint, Outlook, Access, FrontPage and Publisher. Unlike video courses, students truly interact with the program's real-life simulations to improve their retention. Choose what you need from over 1,000 self-paced lessons in 16 separate courses included! DVD-ROM for Windows XP, SP2, Vista, 7

Typing Instructor

for Kids Platinum RR15 ~~\$19.95~~ **\$14.99**

Learn to type quickly by touch. Proven methods and exciting fun help your students grow skills, speed, and good habits. Travel through five unique lands filled with new challenges, visual guides and action games. Personalized settings let students move at the perfect pace. CD-ROM: Windows and Mac compatible.

Rosetta Stone

~~\$229–\$699~~ **\$209–\$599**

Rosetta Stone: sale prices Nov. 23 - Jan. 4 only

The best way to learn a language is probably to move to a foreign country. But for a method that's a little less drastic, consider Rosetta Stone. Choose from 34 languages, from Spanish to Japanese or Swahili. An interactive computer program featuring native speakers lets you or your kids learn a new language the way you learned your first: through "dynamic immersion." See www.sonlight.com/christmas for language choices and a free online demo. Sale prices apply Nov. 23 - Jan. 4.
