February 7-10, 2007

JUDY WNUK

I was born and raised in a small rural town in upstate New York where winter lasts 6-7 months out of the year and we average over 100" snowfall in a season (until this winter!). 4 1/2 years ago we moved back to my hometown and bought the home I grew up in. My folks now live in an attached in-law apartment and we've experienced the joys and challenges of extended family living.

After graduating from high school I earned a two-year degree as a Medical Assistant and went on to work for an orthopedic surgeon for 7 years. During that time I met my husband Stan while we were both working for a campus fellowship ministry. We continued to be involved with that ministry for the first few years of our marriage and even contemplated going into campus work full-time. But the Lord had other plans!

Twenty-two years later we have three gifts from God after believing that we were never going to be able to have children. Sarah and Rachel are 17 and 14 and Aaron is 12. All three of them have been homeschooled from the beginning, and this is our 10th year using Sonlight. Post high-school decisions are looming on the horizon as we contemplate entering yet another "season" of our homeschooling journey.

My husband has worked for NY State for 30+ years and is currently a Toll Section Manager for the NYS Thruway Authority. I have, in the past, worked as a medical assistant, medical transcriptionist and pastoral secretary. For the past 10 years I've worked in a variety of positions for Sonlight as an SCC, Curriculum Advisor, and Forum Administrator and for almost 5 years as Customer Champion. In my "spare" time I enjoy vegetable and flower gardening, scrapbooking, sewing and wedding coordinating. Sharing some of my hobbies with my kids as they've grown has been a real joy.

It still never ceases to amaze me when I look back over my life and see the path that God had planned for me, knowing that my plan would have been entirely different! Jeremiah 29:11
