

*Get ready for a summer
of reading fun!
And when we say "fun," we mean it.
No assignments.
Just more great books!*

We know you love Sonlight books, but your children love them so much they keep asking for more! So we've created a unique, handpicked collection of our favorite books you won't find in any Core package.

Encourage your children to read -- if they don't already love it. Whether you're desperate to keep your voracious readers well-supplied with page turners, or you're trying to encourage your children to enjoy reading, Sonlight Summer Readers are a treat you can all enjoy.

Help your kids grow like weeds... I mean wild flowers. These enticing tales enhance vocabulary, excite the mind, strengthen reading skills, build your home library and draw your kids into the delight of reading. With books this engaging, your children won't want to put them down!

Age, grade and gender appropriate. Truly great books appeal to a wide range of audiences, but we've divided these packages into general age and gender suggestions to help you choose. You're bound to find a package each of your children will love!

Not just for summer. We think these books are the perfect companions for long summer days, but your kids can enjoy these summer boredom busters anytime. Great books never go out of season!

Everyone needs a break--and maybe a gift. Any of our packages will make great birthday and graduations gifts, too, whether the recipients are Sonlighters or not.
